MetDex

BS4825-5 RJT Hygienic Seal

The NES MetDex RJT hygienic clamp seal is available in a broad range of Metal and X-ray detectable materials.

Stocked as standard in EPDM 65 Blue MetDex (Material Grade MC311). All NES MetDex materials are fully traceable.

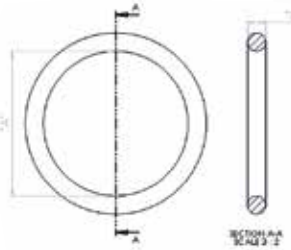

NES Hygienic Seals are FDA compliant to CFR21 177.2600 and are ADI/BSE/TSE Free, complying with the RoHs directive 2011/65/EU. A number of our MC grades * have passed migration tests using distilled water and n-Hexane and these materials also comply with EU1935/2004 and EU10/2011.

BS4825-5 Tri Clover, DIN, IDF, SMS Clamp Seals also available.

Material Specification Guide:

Part Number:	RJT	100	EP	MC311
Product Code				
Size (100 = 1")				
Material Family				
Material Grade Number				

MetDex can also be supplied in custom made profiled lengths for applications such as lid, hopper and product screen seals.

Material Grade Reference	Material Family	Colour
MC311*	EP	Blue
MC312*	NBR	Blue
MC327*	FKM	Blue
MC330*	SIL	Blue
MC336	NBR	Blue
MC338	SIL	Blue
MC354	NBR	Blue
MC387	EP	Blue
MC476	EP	Purple
MC523	FKM	Blue

Country of Origin UK

Size	Dimensions (AxB)
1"	26.70 x 6.60
1.5"	39.40 x 6.60
2.0"	52.10 x 6.60
2.5"	64.80 x 6.60
3.0"	77.50 x 6.60
4.0"	93.90 x 6.60
